PRESS COMMUNIQUÉ.

Fort St. George, December 10, 1935.

No. 153.—

The Government have decided to publish every month for the information of the public a statement showing the progress of Revenue and of Expenditure charged to Revenue relating to this Province from the commencement of the financial year (1st April), together with the figures for the corresponding period of the preceding financial year. The first statement covering the period from 1st April to the 31st October 1935 is appended to this communiqué.

2 Land Revenue, Excise, Stamps, Forest and Registration are the principal sources of Provincial revenue and together contribute about 88 per cent of the total receipts. Land Revenue alone accounts for about 44 per cent and Excise for about 26 per cent. Land Revenue accrues mostly from December to June (the heaviest collections being from January to April). Receipts from most of the other sources come in fairly uniformly month by month.

Expenditure progresses more uniformly than revenue. It is however generally below average in the early months of the financial year and above average in the last month.

3. As a result of the uneven progress of receipts and expenditure, the former exceeds the latter until about July. From August, expenditure rapidly outstrips revenue with the result that, at the end of December, receipts are usually behind expenditure to the extent of about Rs. 2½ crores. By the end of March the difference is made up, leaving a final surplus or deficit as the case may be.

APPENDIX.

Statement showing the progress of Revenue and Expenditure charged to Revenue of the Government of Madras from 1st April to 31st October 1935, compared with that for the corresponding period of the preceding financial year.

(1)	Actuals for the whole year, 1934-35. (2)	Budget Estimate for 1935-36. (3)	Actuals from 1st April 1934 to 31st October 1934. (4)	Actuals from 1st April 1935 to 31st October 1935. (5)
	LAKHS.	LAKHS.	LAKHS.	LAKHS.
Revenue	18,13·30	18,49 09	8,72·98	8,53 36

Surplus (+) or Deficit (−) ..	+ 10·93	+ 4·85	− 1,32 72	− 1,77·78

NOTE.—(1) *Receipts.*—The budget for 1935-36 anticipated an increase of Rs. 35·72 lakhs in Revenue as compared with the preceding year; but the actuals during the first seven months are less than those during the corresponding period of last year by Rs. 19·68 lakhs.

(2) *Expenditure.*—An increase of Rs. 35·37 lakhs over last year's expenditure was contemplated in the budget for 1935-36. The increase in the first seven months is Rs. 25·45 lakhs.

(3) *Excess of expenditure over Revenue.*—An additional excess of expenditure over Revenue in the first seven months of last year amounting to Rs. 132·72 lakhs, the excess in the first seven months of the current year is Rs. 177·78 lakhs resulting in a deterioration of the financial position as compared with last year by Rs. 45·06 lakhs, consequent on the increase in Revenue (Rs. 19·68 lakhs) and increase in expenditure (Rs. 25·38 lakhs).

PRESS COMMUNIQUÉ.

No. 384.—At the meeting of the Legislative Council held on the 29th and 30th October 1935 the Hon'ble the Revenue Member, while introducing the Bill for the imposition and levy of license fees on the sale of tobacco in the Presidency, announced that resettlement operations would be carried on in accordance with the principles hitherto adopted, that any increase in the rates which were justified on these principles, would be determined, but that the Government would not impose the increase in any district now but would leave it to the Government of the future to impose the enhanced rates if and when they deem fit.

It is usual at resettlement to revise the current rates of assessment with reference to a comparison of the average prices of the twenty nine-famine years preceding the resettlement and the prices on which the current rates were based. The Government desire to make it clear that, in areas for which resettlement proposals are submitted for the orders of the Government in future, they will not actually impose any percentage enhancement based on a consideration of prices. They propose to leave it to the Government that will be constituted under the Government of India Act to decide whether or not the enhancements should be collected in such cases. Other changes such as re-classification, regrouping etc., which are not based on a consideration of prices, will be carried out as hitherto.

STATISTICS—1935-36—PADDY—SECOND FORECAST REPORT.

The average of the areas under paddy in the Madras Presidency during the five years ending 1933-34 has represented 13·5 per cent of the total area under paddy in India.

2. The area sown with paddy up to the 15th November 1935 is estimated at 9,097,000 acres. When compared with the area of 9,211,000 acres estimated for the corresponding period of the previous year, it reveals a decrease of 1·2 per cent.

3. The decrease in area occurs in Ganjam, Vizagapatam, Kistna, Guntur, Kurnool, Chingleput, Salem, Coimbatore, Trichinopoly, Madura and Ramnad and is due mainly to the receipt of late and insufficient rains.

4. The first crop has been generally harvested throughout the Presidency.

Normal yields have been reported from all districts outside the Ceuars (Kistna excepted), Chingleput, Salem and South Kanara. In South Kanara, the yield is estimated to be slightly above normal.

The seasonal factor for the Presidency works out as 95 per cent of the average as against 98 per cent in the corresponding period of the previous year.

NOTE.—A detailed list showing the actual quantities in each class that will be offered for sale will be given to each bidder before the commencement of the sale.

2. The wood has been classified according to the classes noted above and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification will be allowed nor will complaints of any kind be admitted.

3. The various classes have been stored in the sandalwood godown in quantities of 6, 10 and 15 tons for convenience, but the quantities so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in quantities of 15, 10 or 5 tons or less to suit the convenience of bidders. Bids will be per ton of each class of wood.

4. The sale will be subject to confirmation by the Conservator of Forests, Coimbatore Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rupees 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted treasury chalan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the Forest Department, a cheque for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a quantity is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission, on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately the sale is over, each purchaser, if his offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount, less the earnest money deposit, into the Imperial Bank of India at Coimbatore or Madras, within fifteen days of the confirmation of the sale and another 25 per cent before 15th March 1936 the balance of 50 per cent being paid on or before 20th May 1936 or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest Department, delivery of the sandalwood shall be made to the purchaser, provided that, until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, even though paid for.

10. On the purchaser's presenting challans as proof that 50 per cent of the entire sale value has been paid a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 supra. If, however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before 1st June 1936.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department, must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the totals allowed in clause 10, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a license to remove it signed by the officer of the Forest Department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the district "sale hammer" mark.

15. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The contractor shall bear the cost of taking delivery of sandalwood.

17. Each intending bidder unless specially exempted by the Conservator of Forests, Coimbatore Circle, Coimbatore, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificates.

18. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

19. The full quantity of wood advertised for sale will not necessarily be put up to auction.

20. Further particulars can be had on application to the District Forest Officer, North Coimbatore Division, Coimbatore.

District Forest Officer, Coimbatore North.
